SUMMARY

Data analytics enthusiast with practical experience in SQL, Python, advanced Excel, and Power BI, specializing in data cleansing, exploratory data analysis (EDA), and dashboard creation. Proficient in analyzing extensive datasets to uncover trends, customer behavior, and business insights. Adept at constructing data-driven reports and KPI dashboards to facilitate strategic decision-making in business and financial contexts.

PROJECTS

Customer Behavior Analysis

Technologies: Python, MySQL, Power BI

Analyzed over 3,900 customer records to discern purchasing patterns and high-value customer segments.

- Executed data cleansing and feature engineering utilizing Python (Pandas & NumPy).
- Developed a Power BI dashboard that emphasizes customer loyalty metrics and purchasing trends.

Blinkit Sales and Customer Analysis

- Technologies: SQL, Excel, Power BI
- Analyzed Blinkit sales data to examine revenue trends, product demand, and the influence of discounts on sales performance.
- Employed SQL queries for data aggregation and filtering across various sales attributes.

Developed a Power BI dashboard that showcases product performance, sales growth, and insights at the category level.

Banking Analytics Interface

- Technologies: Python, SQL, Power BI

Conducted Exploratory Data Analysis (EDA) on banking transaction data to discern customer activity patterns and anomalies.

- Utilized Python (Pandas, NumPy) and SQL queries to cleanse and process financial datasets.
- Developed an interactive Power BI dashboard that visualizes key performance indicators, customer metrics, and transaction trends to provide valuable business insights.

EDUCATION

Bachelor of Technology in Computer Engineering

Aug 2023 - May 2027

Shah and Anchor Kutchhi Engineering College

CGPA: 8.1 | August 2023 – May 2027

PROFESSIONAL EXPERIENCE

March 2025 – Feb 2026

Sales & Customer Service Executive at Mayank Realtors

- Managed sales operations, customer relations, and site visits
- Assisted in deal closures and post-sales support
- Maintained client records and ensured customer satisfaction

TECHNICAL COMPETENCIES

Data Analytics and Business Intelligence

SQL, Power BI, Tableau, Advanced Excel (Pivot Tables, VLOOKUP, XLOOKUP), Data Visualization, KPI Reporting, Dashboard Design

• Software Engineering & Development

Python (Pandas, NumPy, Matplotlib), Java (Core and Advanced), C

• Databases

- MySQL, SQL Server, Database Management System Concepts

• Web Development

- HTML5, CSS3, JavaScript, React, Next, WordPress

• Tools and Platforms

- Power BI, GitHub (Fundamentals), Microsoft Excel, NetBeans, Eclipse, Visual Studio Code, Canva

• Interpersonal Skills

Analytical Reasoning, Problem Resolution, Communication Skills, Stakeholder Engagement, Time Management

CERTIFICATES

- C-Programming
- Java-Core/Advance
- Python
- Webpage Design
- Advance-Excel
- MYSQL
